The Hotel Lenhart will enhance the community and provide gracious and unparalleled hospitality. The hotel will offer 40 luxurious guest rooms/suites appointed with historic charm and modern amenities, including private baths. Food and Beverage will be offered in the Lamplighter, Bemus Sky - A Rooftop Bar, The Crystal Dining Room and the salvaged and restored Solarium from the Webb Estate in Vermont. Fitness and Wellness will be offered through an outdoor pool (open 10mo/yr), a Wellness Spa with an outdoor deck as well as exercise facilities. The Pairing Center (Carriage House) will be a space where various forms of Art, Community, Learning and sharing ideas will come alive. The lakefront presence will be enhanced by creating a unique setting where both the hotel and waterfront will offer Lenhart continuity. A Bakery/Flower Shop/Creamery will be created in the existing pump house and will offer homemade temptations to all who visit. The three homes located adjacent to the hotel will be offered to families needing "home like" accommodations due to family/group size and/or the need to have full kitchen facilities available during their stay. The entire complex will be renovated and brought up to fire/life safety code. An elevator will be added in the Hotel Lenhart to access all guest floor as well as the Rooftop Bar. It is the intention of Chautauque Lake Hospitality to act as an anchor in the community by transforming the Hotel Lenhart into a year-round destination. It is understood that programming will need to be a big part of the work involved, post renovation, as this is a significant change. The goal is that this change will generate interest from other businesses to call Bemus Point their home, aiding in the development of the area as a year-round destination. The hotel will also make available short and/or long term housing for employees in a section of the hotel to be restored. The intent is to develop interested associates and foster a mutually beneficial hospitality career path for individuals.</small>
